

## How to Find the E-Book

1. Log into the Earth Science Course.
2. Click on **A Reference Guide** on the left side of the page.

The screenshot shows the course home page for SCI113AX: Earth Science. The instructor is Robin Moor. The left sidebar menu includes options like Syllabus, Calendar, and Teacher Contact. The 'A Reference Guide' option is highlighted with a red box. The main content area features a 'Course Home' section, an 'Announcements' section with an 'Expand All' button, and a banner for 'SCI113A: Earth Science'.

3. Click on the blue word **here** to access the E-Book.

The screenshot shows the 'Earth Science: A Reference Guide Online Book' page. The text 'Please click here to access Earth Science: A Reference Guide.' has the word 'here' highlighted with a red box. Below this is a section for 'Download to Mobile Device' with instructions on how to download the textbook to a mobile device. A note states that features like highlighting, bookmarking, and searching are not currently accessible in mobile format. The page also lists links for Kindle and Kindle Fire.
